## Free Float Deficiencies

Companies listed on The Exchange must maintain a minimum free float for the set standards under which they are listed in order to ensure that there is an orderly and liquid market in their securities.

The free float requirement for companies on the Main Board is 20% and 15% for ASEM companies. The Exchange has identified three companies that have free float deficiencies.

These companies applied for waivers from the Quotations Committee of Management specifically provided compliance plans with tentative timelines to support their requests.

The Quotations Committee of Management considered and approved an extended timeframe for the companies to regain compliance with the listing requirement. The companies are however required to also provide quarterly disclosure reports to The Exchange detailing their level of implementation of the compliance plans.

The names of the companies in this category are contained in the table below.

## Advice to Users of this Report

Proshare Nigeria, founded in December 2006, is Nigeria's No. 1 and most trusted online financial hub dedicated to serving as a critical bridge between financial markets and economic stakeholders. Proshare is a multiple award-winning and professionally run research, data, news, and analysis services firm with eight distinct practice areas – economy, business, markets, regulators, technology, MSME, personal finance, and media.

### Practice Ethos and Disclaimer

Proshare does not guarantee any economic outcome based on the information contained in this report. Although we have used our best efforts to provide the most accurate information, we cannot promise your future profitability or any other economic gain and do not promise verbally or in writing that you will earn a profit or any other gain when or if you use the information contained therein; or take the actions that might have been prescribed here by the author, our analysts or available on [www.proshareng.com](http://www.proshareng.com).

Decisions taken based on a reading of this report ultimately represent the exclusive choice and responsibility of the reader. There is a risk of loss in taking both economic and financial market decisions based on independent analysis. It should be noted that past performance is not necessarily a good guide to future economic outlooks, therefore, decisions formed based on past performance may prove to be inaccurate or wrong.

### What You Can Do:

You are given the unlimited right to read, download and print this report and to distribute it electronically (via email, your website, or any other means). You can print out pages and use them in your private discussion groups as long as you acknowledge Proshare and you do not alter the material in any way. Most importantly, you should not charge for it.

We encourage academicians, market and economy analysts, and investors alike to send in completed data-backed and evidence-based research materials on topics relevant to building a virile economy to us at [info@proshareng.com](mailto:info@proshareng.com). If approved for publishing, we will subject it to the same terms and conditions applicable to information developed by Proshare. We retain the rights however to edit the submission as applicable to conform to practice ethics and market decorum/regulations.
